CURCUMIN

Active

Anti-Inflammatory

Curcumin is a discreet bioactive compound and is the principal curcuminoid of turmeric (*Curcuma longa*), a member of the ginger family. It is the primary ingredient found in Turmeric which is a type of polyphenol that gives yellowish colour to turmeric. Laboratory studies have proved that there is a number of different molecules involved in triggering the inflammation process and Curcumin is able to reduce inflammation by inhibiting many of these trigger molecules. It is a potent wellness supplement that provides multiple health benefits supporting healthy liver function, healthy lung function, healthy joints and muscles.

Best Supplement Curcum Active is the combination of BioSOLVE Curmin a clinically researched curcumin extract that has numerous health benefits and is the primary active ingredient of turmeric. It is manufactured using patented technology which enhances its absorption by 8 times and makes the formulation highly bioavailable & effective. MILK THISTLE EXTRACT seeds most often protects liver cells from toxic chemicals and drugs.

It also seems to have blood sugar-lowering, antioxidant, and anti-inflammatory effects. **BOSWELLIA SERRATA EXTRACT** – Boswellia is also known as Indian frankincense. The resin made from Boswellia extract has been used for centuries to treat chronic inflammatory illness & also prevent loss of cartilage. **PIPERINE EXTRACT** - Piperine is the active substance in black pepper that provides the herb with all its medicinal goodness. It is used to improve digestion and relieve stomach pain, enhance mood and mental function. In other words, it enhances the effects of other ingredients and boosts nutrient absorption.

Benefits of Curcumin Active

- Acts as an antioxidant
- Prevents Inflammation
- May help to ease symptoms of osteoarthritis
- May prevents diabetes
- Improves skin health
- Prevents premature ageing
- May prevents liver disorder
- May protect against heart disease
- May prevents cancer
- May help you Asthma & allergy

INGREDIENTS

- ✓ Biosolve curcumin
- ✓ Boswellia Serrata Extract
- ✓ Milk Thistle extract
- ✓ Piperine Extract

DOSAGE: 1 Capsul per day or As advised by a medical practitioner

How it works:

Curcumin Active helps to fight free radical damage and inflammation in the body. Studies have shown that curcumin may work by reducing certain key inflammation-promoting enzymes in the body. Natural anti-inflammatory herbs, including curcumin and Boswellia, may work as aspirin and ibuprofen for treating osteoarthritis
